Note about color blocks:

Please note that the oompaloompas appear in several scenes with different oompaloompas assigned to different scenes. However, for the first few weeks of rehearsal they will all attend on the same day—when the white block is scheduled. Starting October 19th, the oompaloompas will need to come on the days their color block or scenes are being rehearsed.

Note on the script:

All actors with the exception of the squirrels will receive a copy of the script. There are three inserts attached into the script where lines have been adjusted. The scene numbers in the brackets are what they are labelled in the script.
